Is your blood sugar too high or too low? Naka's Diab-Aid is formulated with century old extracts known to help balance glucose levels. The herbs used are adaptogens that aid in the balancing and stabilization of blood sugar levels. Let Diab-Aid help to improve your health! Diab-Aid is not only excellent to balance blood sugar even for those on medication, but it is also a fantastic diabetes preventive aid. It's highly recommended for hypoglycemia and for people who have sugar cravings looking for a weight loss aid. When weight is carried primarily around the middle of the body it is often considered to be an indicator of potential blood sugar problems.
