Fibre & Weight Balance is the ideal aid for the following problems...

- Bloating
- Constipation
- **Sugary cravings/blood sugar problems**
- Rarely feel full when eating
- Anyone who has lymphatic congestion, indicated by the double chin and a puffy look. (This congestion is generally caused by poor digestion, eliminations and lack of exercise, which causes inflammation as toxins build up in the body.)
- Autointoxication caused by fermented food undigested in the intestines that could make a person feel drunk.
