- SILVER** Digestion Aid, Osteoporosis, PMS.
- BRONZE** General Prevention, Mood, Vitamins & Minerals.

Tired? Listless? Pale skin? LIQUID IronVital F® provides vital energy!

IronVital F® liquid helps fulfill your daily requirement for iron and contains iron in bivalent form. It has a pleasant fruit taste and is ideal to take during pregnancy, breastfeeding, menstruation, growth stages and while exercising intensely. The combination of vitamin C in IronVital F® helps the iron to be absorbed readily by the human body, while the B vitamins enhance the effects of the iron.

Directions:

Shake well before use. The total daily dose can be taken at one time or divided in half and taken twice spread throughout the day about 1 hour before meals and without any other supplements or medications. Use the calibrated measuring spoon as provided to obtain an accurate dosage. Do not drink directly from the bottle. Discard any remaining product 4 weeks after opening.

Recommended daily dose:

Note: 10 ml of **IronVital F®** = 10 mg of iron.

Females	Males
9-13 years..... 8 mg	9-13 years..... 8 mg
14-18 years 15 mg	14-18 years 11 mg
19-49 years 18 mg	19 years + 8 mg
