Product benefits by category:

- GOLD** Arthritis & Joint Care, Athletic Performance, Injuries.
- SILVER** Anti-aging, General Prevention.
- BRONZE** Hair, Skin & Nails, Heart Health, Osteoporosis.

Arthritis and joint pain? Try Nutri-Flex...the most advanced, absorbable and effective liquid formula on the market! Just a spoonful a day helps keep arthritis and joint pain away.

Nutri-Flex is not just another Glucosamine product. This advanced formula combines **Glucosamine** in a liquid form with **Hydrolyzed Gelatin** to provide an important matrix of nutrients needed to repair and slow down joint degeneration. The Prescription for Nutritional Healing describes Gelatina as rich in 20 amino acids including hydroxyproline, proline and glycine, which are known to strengthen and rebuild joint cartilage. Gelatin is proven to speed muscle recovery time. **MSM** 1000 mg provides 34% organic sulphur as an essential nutrient that is helpful in promoting a major reduction in pain, plus better digestion and detoxification. **Turmeric** and **Devil's Claw** extracts are traditional remedies for reduction in inflammation. **Bromelain** extract from pineapple is a known anti-inflammatory. Nutri-Flex is the original liquid joint care formula and the only official joint care supplement of the Hockey Hall of Fame!

Directions:

Shake well before each use. Take one tablespoon (15 ml) of Nutri-Flex daily, or mix with half a glass of water or juice. For best results, take at night 1-2 hours after dinner, or during the day in between meals. Contains no dairy, starch, wheat or yeast.

Ingredients:

Each tablespoon (15 ml) provides:
 Glucosamine Sulfate (sodium free) 1500 mg (Potassium Salt)
 Hydrolyzed Gelatin 1500mg
 MSM (Methyl Sulfonyl Methane) 1000 mg
 Turmeric Extract 150 mg
 Devil's Claw Extract 150 mg
 Bromelain Extract 160 mg
 In a base of fruit juice complex sweetened with Stevia and water. Contains potassium sorbate to preserve freshness.

Official joint care supplement of the Hockey Hall of Fame

Nutri-Flex can be helpful with:

- Arthritis and joint pain
- Inflammatory problems
- All types of back pain
- Athletes (they have a higher incidence of joint problems)

Please see the booklet "The key to Natural Arthritis Treatment" for more details.
