Product benefits by category:

- GOLD** Anti-aging, Antioxidant, Fatigue & Low Energy, General Prevention, **Heart Health**.
- SILVER** Athletic Performance, Detoxification, Digestion Aid, Immune System, Vitamins & Minerals.
- BRONZE** Arthritis & Joint Care, Blood Sugar, Memory, Mood, Varicose Veins.

Promote a healthy heart with the perfect balance of natural ingredients in a superior liquid formula. Nutri-Heart is a unique liquid herbal and vitamin-mineral formula designed to benefit your overall cardiovascular system and support improved heart health. This complete heart health formula features more beneficial ingredients in a convenient, super-absorbable liquid form for maximum results. It may help with reducing high LDL and cholesterol levels and provide immediate aid in lowering high blood pressure. It also features arterial cleansing properties to help prevent thrombosis and improve circulation.

Directions:

Shake well before each use. Take 2 teaspoons (10 ml) with 100 ml of orange juice or water in the morning and evening before meals, or 4 teaspoons (20 ml) with 200 ml of orange juice or water once daily. Use the calibrated measuring cap as provided in the package to obtain an accurate dosage.

A Nutri HEART user says:

“I am so happy with this formula that I had to write to tell you how well it worked and relatively fast also. My day to day life has improved and I find that I can walk further and not be out of breath. The longer I am taking it, the better I feel!”

Sam - Scarborough, ON

Ingredients:

Medicinal Ingredients:

Per 5 ml teaspoon
