Experience the power of Original Silicea Balsam, Europe's #1 supplement for beautiful healthy hair, stronger nails and bones, plus smoother looking skin.

Original Silicea Balsam is a silica gel mineral supplement. Sold in Europe for over 50 years, Original Silicea Balsam is different to many other silica products in a pill or capsule because it provides silica in a pure, potent form. Derived from Quartz crystals, Original Silicea is a 'colloidal' preparation in which microscopic particles of silica are so finely dispersed in water that a gel is formed. This makes Original Silicea Balsam easier to absorb - so more active silica is available to smooth skin, maintain elasticity normally lost through aging, help support healthy hair, skin and nails, plus help to diminish the appearance of wrinkles. Research has proven that silica strengthens all tissues, speeds cell regeneration, plus stimulates immune function protecting against infection and environmental toxins.

Silicea Liquid Directions:

Shake well before using. Take between meals, one tablespoon daily, straight or diluted with water, tea or juice. Use the calibrated measuring spoon as provided to obtain an accurate dosage.

Silicea Liquid Ingredients:

Per 100 ml:
Silicic Acid Anhydride.....2.8 g
